

**AMI offers your credit union
a very convenient way to
manage it's data processing.
This incredible service is called
The B.O.S.S. (Back Office
Scheduling Service) and will
automate nearly all of
the daily processing tasks
your staff performs.**

How would you like to have your Share Draft, ACH and ATM files downloaded and posted automatically each day? How about eliminating End of Day Processing and taking backups from your staff's daily duties? Would you like End of Month Processing to run unattended? With The B.O.S.S you can automate these processes and many more. The B.O.S.S. is a module designed to help our Credit Unions improve efficiency, eliminate errors, and reduce staff workload. AMI works with your Credit Union to develop a customized plan to automate some or all of the data processing tasks your staff performs. For example your Credit Union may want to automate End of Day and End of Month Processing but continue to run your own Share Draft, ACH and ATM files. The B.O.S.S. is tailored to each individual Credit Union and the monthly software maintenance varies based on the amount of automation you choose. This enables Credit Unions both large and small to take advantage of this great new product.

HERE ARE JUST OF FEW OF THE PROCESSES THAT CAN BE AUTOMATED USING THE B.O.S.S.

- End of Day Processing
- End of Month/Quarter/Year
- Share Draft Processing
- ACH Processing
- ATM Processing
- Bill Pay Posting
- Overdraft Notice Print
- CD Dividend Posting
- OFAC Reporting
- Credit Bureau Reporting
- Batch Transfers Reporting
- Statement Processing
- E-Statement Processing
- Payroll Processing
- Delinquent Letters
